Note to: Files

SUBJECT: S. A. PETITION

I spoke to Kenneth Nunn on March 27, 1987 and informed him that the staff has no objection to his request to file a reply brief by April 1, 1987. I also told him that there was no right to file a brief but if a brief was filed before a decision was made, it would be considered. I also provided the same information to Leonard Trosten.
