Gentlemen:

This refers to your letter dated December 20, 1984, for renewal of Materials License 42-01485-04.

We received your check for \$930, which is the correct fee for the portion of your license pertaining to service for other licensees, except leak testing. An additional renewal fee of \$120 is required for the leak testing portion of your license as specified in fee Category 3P and Footnote 1(c) of \$170.31 of the the enclosed 10 CFR 170. Footnote 1(c) states, in part, that "Applications for renewal of materials licenses and approvals must be accompanied by the prescribed renewal fee for each category." Payment of the additional \$120 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention at our Washington, D.C. address.

Your application will be processed by the Region IV Licensing staff located at 611 Ryan Plaza Drive, Suite 1000, Arlington, Texas 76011. The additional fee, however, is required prior to issuance of the renewal. When submitting the fee, please refer to CONTROL NUMBER 60480.
