Gentlemen:

As you are aware, the NRC has recently undergone an agency-wide reorganization, which resulted in a change in both branch name and in branch management personnel relative to the safeguards licensing authority within the NRC. What was formerly the "Safeguards Material Licensing and International Activities Branch" is now the "Licensing Branch."

I (the undersigned) have replaced Dr. Willard B. Brown as Acting Branch Chief, and Mr. Philip Ting has replaced Mr. C. N. (Mike) Smith as Section Leader of the MC&A and Physical Security Licensing Section. Although we had hoped not to make any immediate changes in reviewer (staff) assignments, it has become necessary, in the interest of better utilization of existing personnel, to make some changes in physical security reviewer assignments. As a result, Chuck Gaskin is replacing Don Joy as your security licensing reviewer. Don Joy will remain as your MC&A reviewer, however.

If you should have any questions or concerns in the area of safeguards licensing, please feel free to call me or members of my staff. In this regard, please note the following phone numbers:

Bill Brach (301) 427-4194  
Phil Ting (301) 427-4758  
Chuck Gaskin (301) 427-4368  
Don Joy (301) 427-4756

Sincerely,

A handwritten signature in cursive script, appearing to read "E. William Brach".

E. William Brach, Acting Chief  
Licensing Branch
