In reply to your letter of August 15, 1963, there has been no amendment to Kentucky License No. 16-NSF-1 issued to Nuclear Engineering Company Incorporated. You routinely receive copies of all licenses and amendments that are issued in the Commonwealth.

It was a pleasure talking to you on the phone October 20, 1963, and I am looking forward to meeting you at the orientation class in September. If we can be of further assistance, please contact us.

Very truly yours,

*Floyd W. Wilcox*
