SUBJECT: Request for extension of the filing deadline for the  
annual Groundwater Corrective Action Report.

Dear Mr. Holonich:

As agreed to by Mr. Mike Fliegler of your staff and myself during a  
telephone conversation on June 26, 1998 we will submit our Annual  
Groundwater Corrective Action report on July 31, 1998 rather than  
June 30, 1998.

The reason for the requested delay is as follows: During April of  
this year Rio Algom Mining hired outside consultants to review the  
progress of our current CAP and to provide suggestion for improving  
the program. Our consultants are scheduled to present their  
preliminary findings in the middle of July. The requested  
extension will allow us to incorporate any new approaches in our  
CAP report.

If you or your staff have any questions concerning this submittal,  
please call (801) 686-2217.

Respectfully,

*F. G. Fossey*
