

July 6, 1998

MEMORANDUM TO: Francine F. Goldberg, Director
Planning and Resource
Management Division, OCIO

FROM: Larry W. Camper, Chief (orig. signed by)
Materials Safety Branch
Division of Industrial and
Medical Nuclear Safety, NMSS

SUBJECT: SYSTEM SECURITY OFFICER

Louis Grosman recently brought to our attention the fact that the System Security Officer (SSO) for the Licensing Tracking System (LTS) must be an individual from the owning organization. In the past the OCIO Task Manager was the SSO because of extensive involvement in the operations and maintenance of the system. Maureen Moriarty is appointed the SSO for the LTS. We also note some change is needed to the plan to restate moving from NRC to the NIH system. We request your contractor's assistance in making this change. NMSS would appreciate receiving a copy of the revised System Security Plan for the LTS, as well as the electronic version for our future use.
