Subject: License Renewal
License Number: 19-00428-11E
Docket Number: 030-04528
Control Number: 18177

Dear Mr. Hickey:

This letter is intended as a follow-up on our license renewal application made September 1984, with reply received October 10, 1984.

On May 28, 1985, I wrote a note inquiring about the application and was subsequently told that everything is okay. During a recent safety audit here at our plant, it was suggested to me that I should inquire again so that a current license could be obtained.

It would be appreciated if we could obtain the renewed license or information on the status of the renewal application.

Sincerely,

James F. McLaughlin
