Re: Renewal of N.P.C. By-Product License 29-19080-02E

Dear Ms. Foster:

Thank you for your telephone call today advising that it was necessary to renew N.P.C. License 29-19080-02E, which allows us to distribute timepieces and which is due to expire on October 31, 1984.

As you will recall from our previous phone conversation and my letter of September 18, 1984, a copy of which is attached, the company has undergone a re-organization which we would like reflected by our N.R.C. license. Therefore, in accordance with our conversation today, this letter serves as our notice to renew the above license of Pulsar Time under the name of its parent corporation, Hattori Corporation of America.

My secretary spoke with Mr. Allen Cabell in Washington, D.C. today and he informed her that a renewal fee of \$230. had to be provided and that the intent of our original license amendment request could be integrated into the renewal. In compliance with this advice, Hattori Corporation of America check # 34923, in the amount of \$230. is enclosed.

Please do not hesitate to contact me should there be any question or requirement for additional information. Kindly forward any forms that may be required as soon as possible so that the application may be completed in its entirety.

Thank you.

The physical operations addressed by the original N.R.C. license 29-19080-01 are duplicated in these eight locations.

Hattori Corporation of America wishes to be in full compliance to all pertinent N.R.C. regulations. We admit to being less than fully knowledgeable in this area and would be grateful for any guidance, in layman's terms, which you might be able to offer. How should we complete the license renewal for eight locations?

In particular, we would appreciate being directed to someone within the material licensing branch whom we could contact for assistance in completing our company's license renewal application.

Additionally, we may require an extension of our present license's term in order to properly execute its renewal.

We look forward to receiving your reply. Thank you.

Very truly yours,
