Dear Mr. Rooney:

Concerning import of the special nuclear material for the facility noted below, this will confirm that the Government of Japan appointed the Japan Atomic Power Co. (JAPC) as an authorized person under the terms and conditions pursuant to Article VI of the Agreement for Cooperation between the Government of the United States of America and Government of Japan concerning Civil Uses of Atomic Energy which entered into force on July 10, 1968, amended by the Protocol on December 21, 1973.

Fuel for Tsuruga No. 1 of JAPC: 286 kgs of U-235 (3.85% maximum enrichment) contained in 10,408 kgs of uranium

Further, it is confirmed that the transfer of the special nuclear material identified above will take place under all the terms and conditions of the Agreement for Cooperation between our Governments, and that the appointee(s) named above have been authorized to receive and possess the material by both Governments.

Also, the Government of Japan confirms that the safeguards and guarantees of the Agreement for Cooperation will always apply to this special nuclear material, except for that material subsequently retransferred with the written approval of the United States.

Sincerely yours,

Michio Ozawa
Second Secretary (Scientific)

Ref: This is in reference to the case number of XSNM-2331 stated in your letter dated May 11, 1987.

The intermediate consignee, the Japan Nuclear Fuel Co., Ltd. is also authorized to receive and possess the material.
