Dear Commissioners:

Enclosed please find three pleadings of the Seacoast Anti-Pollution League with respect to the Applicants' Motion for Vacation of Stay of authorization of low power operation at Seabrook Station. The pleadings are SAPL's initial response, (dated October 9) a motion to leave to file a supplemental response and the supplemental response (the latter two pleadings dated October 15.)

Due to an error by my secretarial staff, these pleadings were inadvertently served on the ASLB service list and were not appropriately directed to the Commission until late last week. The pleadings contained certain errata which have been corrected as refiled herein. It has been difficult for counsel to monitor the quality of the production of pleadings while concurrently participating in hearings before the ASLB.

I ask your indulgence in accepting these redirected and corrected pleadings.

Very truly yours,

Robert A. Backus
