SUBJECT: Seabrook operating license case:
onsite emergency planning and technical issues

Dear Administrative Judges:

The Board's secretary has brought to my attention the fact that the New England Coalition on Nuclear Pollution's Motion for Extension of Hearing Schedule, dated November 30, was inadvertently captioned "Before the Atomic Safety and Licensing Appeal Board," rather than before the Licensing Board, as was intended. I am enclosing a corrected first page of the Motion, which now has the proper caption for the Licensing Board. I am also enclosing a copy of the service list, which the Board apparently did not receive.

Please accept my apologies for any inconvenience caused by this oversight.

Sincerely,

Diane Curran

ONSITE EMERGENCY
PLANNING & TECHNICAL
ISSUES

The New England Coalition on Nuclear Pollution ("NECNP") respectfully requests an extension of this hearing schedule. Because of the demands posed by the complexities of the issues raised by these two contentions, as well as other obligations arising from both the onsite and offsite proceedings, the time allowed for discovery is not adequate to fully prepare for this litigation. During the entire first week of discovery on these contentions, NECNP was also required by the Appeal Board to brief
