Dear Mr. Gigliotti:

We have reviewed your October 22, 1987 changes to your night qualifications course as directed by our letter of September 14, 1987. We find these changes acceptable and you may proceed to amend your guard training qualifications plan. Further, we have determined that these changes are consistent with the provisions of 10 CFR 70.32(e).

Accordingly, we are hereby amending Safeguards Amendment SG-1 to your License SNM-368 by revising License Condition 9.1.C, effective immediately, as reflected in the enclosure to this letter.

We note the enclosure to your October 22, 1987 letter is improperly marked Safeguards Information (SGI). If your training and qualification plan contains sensitive information, it should be considered (Confidential) National Security Information or, if not sensitive, then perhaps no type of control is necessary. We would also suggest that 2.790(d) be considered.

E. William Brach, Chief
Licensing Branch
Division of Safeguards
and Transportation, NMSS
