MEMORANDUM TO: Hubert Bell, Inspector General
Office of the Inspector General
ORIGINAL SIGNED BY:
FROM: Samuel J. Collins, Director
Office of Nuclear Reactor Regulation
SUBJECT: REFERRALS OF CONCERNED CITIZEN'S LETTER

Attached are copies of two letters dated July 6, 1998, from Mr. H. G. Brack of the Center for Biological Monitoring regarding "grossly careless NRC oversight of its licensees such as MYAPC [Maine Yankee Atomic Power Company]." I am forwarding this information to you for whatever action is deemed appropriate by your office.

If you are interested in obtaining additional information regarding the technical issues, including Mr. Brack's report, "Patterns of Noncompliance, The Nuclear Regulatory Commission and The Maine Yankee Atomic Power Company, Generic and Site-Specific Deficiencies in Radiological Surveillance Programs," please inform my staff contact listed below. A copy of the staff's response to Mr. Brack's letter (which is being drafted) will be provided.
