Ronald M. Scroggins, Controller

Subject: SUPPLY SYSTEM NUCLEAR PROJECTS WNP-1 AND WNP-3  
NRC BILLINGS FOR OPERATING LICENSE REVIEW AND  
INSPECTION FEES

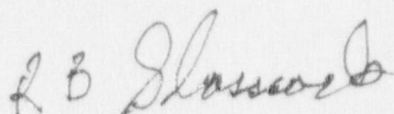

- References:
- a) Letter (G01-87-0009/G03-87-017), G. C. Sorensen to Graham D. Johnson, same subject, dated January 23, 1987.
  - b) Letter (G01-86-0002/G03-86-004), G. C. Sorensen to William O. Miller, same subject, dated January 6, 1986.
  - c) NRC Letter, C. James Olloway to G. C. Sorensen, dated January 16, 1987.
  - d) NRC letter, Graham D. Johnson to G. C. Sorensen, dated February 6, 1987.

By reference a), we requested that NRC respond to our reference b) letter. Reference b) had pointed out what we considered to be an error in billing for WNP-3 and asked several questions regarding the details of the billings for both WNP-1 and WNP-3. NRC indicated in references c) and d) that it was their hope and projected goal to respond by April 30, 1987.

We have not yet received a response to our questions on the fee billings. In telephone discussions with members of your staff, we have recently been told that a response cannot be committed to because the NRC still lacks the necessary resources, and that a response to our letter lacks sufficient priority. Please advise us what we can do to assist you in responding to our billing questions.
