DOCKET NOS. 50-445 AND 50-446

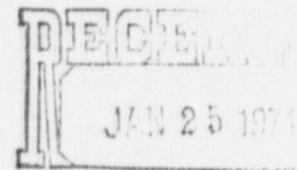

Enclosed is a report of an inspection of the implementation of the applicant's Quality Assurance Program. The RO inspection findings identified violations or inadequacies in the implementation of a number of the requirements of Appendix B criteria. These findings are forwarded for your consideration in review of Section 17 of the application. RO will followup to determine whether corrective measures by the licensee have been taken to adequately implement the ongoing program.
