FREEDOM OF INFORMATION

ACT REQUEST

FOIA-87-551

Rec'd 8-25-87

Ms. Linda L. ROBINSON,
Chief, FOI & Privacy Branch
Nuclear Regulatory Commission
Washington DC., 20555

Dear Ms. Robinson:

The U.S. Government Department of Energy Chief of FOI and Privacy Acts, Mr. John H. Carter gave us your address regarding our request on the Indian Point (Buchanan, N.Y.) Atomic Power Plant UFO sightings on June 14 and repeatedly on July 24, 1984.

As far the incidents became a "public secret" according to the enclosed news clipping of the World News July 23, 1985 issue we would be greatly appreciated for any available declassified information on the incidents.

Our 35 years of military research is based on factual evidences, which never accepted news information even illustrated.

Thanking in advance for your kind assistance our request, we remain

Yours sincerely,

Major Ret. Colman S. VonKeviczky, MMSE
Dir. of ICUFON. (US Citizenship, 1957,
ID.: 080-28-3122-A)

N.Y. Police Watch Huge ^{World's} UFO Buzz Nuclear Power Plant

An American nuclear power plant was buzzed by an enormous UFO, say the plant's security guards, local police officers and other eyewitnesses — and, incredibly, the New York Power Authority confirms the sighting.

"On the night of July 24, 1984, a UFO was seen by security guards over the Indian Point nuclear power plant," said Carl Patrick, spokesman for the New York Power Authority, which operates the plant near Peekskill.

"But the UFO in no way affected plant operations."

UFO investigator Phillip Imbrogno noted:

"This was the first time ever that there is confirmation that a UFO

By FRANKLIN R. RUEHL

was sighted over a nuclear power plant."

Imbrogno, who's associated with Dr. J. Allen Hynek's Center for UFO Studies in Arizona, interviewed six of 12 guards who saw the craft.

"They said the UFO was gargantuan and looked diamond-shaped, measuring about 450 feet in length. At first, it was bright white. But at one point it changed from white to blue to red to green to amber," Imbrogno said.

"It hovered above the plant for approximately 15 minutes, from 10:30 to 10:45 p.m. It was roughly 30 stories above the exhaust funnel of one of the plant's three nuclear reactors."

Many other people in the area also reported sighting the UFO.

"Local police in Peekskill received numerous calls reporting UFOs during that evening."

"Many officers from various police stations personally told me that they saw

POWER PLANT wasn't affected by UFO visit.

INVESTIGATOR Phillip Imbrogno sketches drawing of UFO on a blackboard.

Sgt. Karl Hoffman of the Peekskill Police Department admitted: "On the evening of July 24, 1984, I observed an unidentified flying object. I saw a dozen white lights in V-formation, slowly moving toward the power plant at Indian Point."

"I have absolutely no idea what that object was."
