Dear Mr. Whitten:

I have applied for temporary job sites use of the lixiscope. I really only require the use of the material at two locations. The main location is at 726 N.W. 63rd Street Oklahoma City, Ok 73116. The other location is at my second office at 2216 N. Martin Luther King Blvd. suite A Oklahoma City, Ok 73111. I have enclosed a diagram of the two sites and storage locations.

At the present the source material has reduce to no output , but I plan to secure it and have it replaced soon. Your processing of the two locations as soon as possible will be appreciated.
