Dear Judge Bloch:

Enclosed is my written filing pursuant to the memorandum and order of August 19, 1987.

I request that I be permitted an oral presentation and suggest that the site for the presentation be the Beaver Valley Power Station Unit 1 Simulator in Shippingport, Pennsylvania.

I also request an extension to the filing date to allow my comment to the Duquesne Light Company answer to Jack W. Ros's letter of September 24, 1987. I ask for 30 days following my receipt of the Duquesne Light Company answer from Colleen Woodhead.

Sincerely,
