SNM-1107, Amendment No. 11

SEP 03 1987

Westinghouse Electric Corporation
ATTN: Mr. A. J. Nardi, Manager
NES License Administrator
P. O. Box 355
Pittsburgh, PA 15230-0355

Gentlemen:

In accordance with your application dated August 18, 1987, and pursuant to Title 10, Code of Federal Regulations, Part 70, Materials License No. SNM-1107 is hereby amended to incorporate UF6 handling controls. Accordingly, Condition 9 is amended to delete the date of April 15, 1987, and include the date of August 18, 1987.

All other conditions of this license shall remain the same.

Because the August 18 application corrects the pagination of the April 15, 1987, application which was approved by Amendment No. 8, no safety review for this amendment is necessary. This amendment is issued for the convenience of the Commission to clearly reference license requirements.

Revised page 1 to License No. SNM-1107 is enclosed.
