RE: License No. 37-28018-01
Inquiry No. 8701
Dated June 24, 1987
Status Update

Dear Mr. Kinneman:

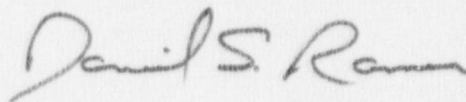

Your inquiry is correct, however, we wish to update your office as to our status. On June 25, 1987, GEO-Technical Services, Inc. took possession of a Troxler Moisture/Density Gauge, Model 3411B, Serial No. 8613 through a lease agreement. The instrument was leased from Borings, Soils & Testing Co. of Harrisburg, License No. 37-19589-01.

The instrument is currently being operated by Richard F. Zinn, a Troxler Certified GEO-Tech employee. This project is expected to run four to eight weeks. At that time, GEO-Tech intends to terminate the lease agreement with Borings, Soils & Testing Co. and return the instrument to them.

If you have any questions, please do not hesitate to call me at (717) 236-3006.

Sincerely,

GEO-TECHNICAL SERVICES, INC.

Daniel S. Ramer
