Dear Ms. Wright,

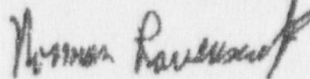

On August 31, 1987, Rod Fisk submitted an export license application for the export of low enriched UF6 on behalf of Kansai Electric Power Co., Inc. (our reference KLK-40).

Kansai has requested that we submit an amended application which reflects both enrichment levels for this withdrawal.

Therefore, please use the enclosed application dated September 2 for this request.

Thank you for your continued assistance.

Very truly yours,

  
Norman Ravenscroft  
Vice President
