

SEP 10 1987

Docket No. 50-483

Union Electric Company
 ATTN: Mr. Donald F. Schnell
 Vice President - Nuclear
 Post Office Box 149 - Mail Code 400
 St. Louis, MO 63166

Gentlemen:

This refers to the special safety inspection conducted by Mr. D. S. Butler of this office on August 4-7, 1987, of activities at Callaway, Unit 1, as authorized by NRC Operating License No. NPF-30 and to the discussion of our findings with Mr. G. L. Randolph at the conclusion of the inspection. This also refers to the management meeting held in the Region III office on July 30, 1987, between Mr. G. L. Randolph and other members of your staff, and Mr. Charles W. Hehl and other members of this office.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

During this inspection, certain of your activities appeared to be in violation of NRC requirements, as described in the enclosed Notice. The inspection showed that action had been taken to correct the identified violation and to prevent recurrence. Our understanding of your corrective actions are described in Paragraph 2.g of the enclosed inspection report. Consequently, no reply to the violation is required and we have no further questions regarding this matter at this time.

In accordance with 10 CFR 2.790 of the Commission's Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Original Signed By C. W. Hehl
 Charles W. Hehl, Chief
 Operations Branch
