INDEX NO. 50-205  
File Cl.

Dear Mr. Price:

*See Report 5/3/64*

Some weeks ago I phoned you while in Washington. The report on Bodega Bay meteorological hazard implications, which I mentioned in my phone call, has been published. I enclose two copies for your information. I hope they may be of some use to you and to the Commission in assessing over-all hazards associated with proposed reactor construction at Bodega.

Sincerely,

*James E. McDonald*

Senior Physicist

*Same as report rec'd 6/24/64 from  
Personnel of Northern Calif. Assn. To Preserve  
Bodega)*

*Called Bonnie Sammons 9/17/64  
and asked her to ask Mr. Case  
whether this should go to the  
Public Soc. Rooms. He or she  
to call me.*
