MAY 23 1963

Dear Mr. Udall:

Your letter of May 20, 1963 commenting on the application by Pacific Gas and Electric Company for a construction permit to build a nuclear power reactor on Bodega Head has been received and referred to our Regulatory Staff. The letter and its attachments will be helpful in the further evaluation of the application.

Our Regulatory Staff is making a thorough evaluation of the suitability of the proposed Bodega Head site and we appreciate your assurance of availability of the Geological Survey to assist in this evaluation. As you know, the Geological Survey has made personnel available to the Regulatory Staff to assist in the geological aspects of this evaluation and those personnel are currently working on a geological report.

Mr. Harold L. Price, Director of Regulation, will be in touch with the Director of the Geological Survey to discuss what further geological studies may be appropriate to assure that the geological conditions of the site are fully understood.

Sincerely yours,

(SIGNED) ROBERT E. WILSON
