Re: Docket No. 50-205

Dear Sir:

*File Copy  
(Suppl. only)*

In accordance with your request of 6 August 1964, I am sending you herewith a copy of a preliminary draft of my report to the Regulatory Staff regarding the seismic aspects of the PG&E application concerning the proposed reactor at Bodega Bay Atomic Park. I shall want to revise this report as I have not had an opportunity to review the draft between the time of dictating it and the typing of it by my secretary. I expect that I can have the final copy to you within a few days.

Very truly yours,

*N M Newmark*
