Gentlemen:

This forwards the final report of the Systematic Assessment of Licensee Performance (SALP) for the Fort St. Vrain Nuclear Generating Station for the period May 1, 1987, through August 31, 1988. This final report includes:

1. The SALP Board Report
2. A summary of our January 25, 1989, meeting at the Fort St. Vrain visitors' center to discuss the SALP Board Report
3. Your February 23, 1989, response to the SALP Board Report

I consider the actions discussed in your January 25, 1989, SALP management meeting and in your February 23, 1989, written response to the SALP Board Report to be responsive to NRC concerns and recommendations. We will continue to review and inspect implementation of your actions during the new SALP period.

Sincerely,

Robert D. Martin
Regional Administrator
