Dear Mr. Truncellito:

This is in reference to a letter that you sent to us dated February 13, 1989, in response to our letter to you dated February 1, 1989, notifying us of your submission to the State of New York for a radioactive materials license. However, since over sixty (60) days have lapsed, we consider your request as having been abandoned by you and therefore, we are voiding your request. This action is without prejudice to the resubmission of another amendment request.

Should you decide to resubmit your request within one year of the date of this letter with the required information, an additional fee will not be required. If you should decide to resubmit your request, please reference Control No. 020549.

Sincerely,

/s/
