

MAY 26 1989

MEMORANDUM FOR: Victor Stello, Jr.
Executive Director for Operations

FROM: Thomas E. Murley, Director
Office of Nuclear Reactor Regulation

SUBJECT: CHAIRMAN ZECH LETTER TO CONGRESSMAN GEJDENSON

In a letter dated May 22, 1989, Chairman Zech responded to a series of questions from Congressman Gejdenson concerning the Ellison investigation. One of the questions asks what allegations Mr. Ellison made against NRC officials.

Among the long list of allegations is the one that, "Thomas Murley, former Administrator, Region I, and Sam Collins, Region I, may have kept a report relating to Mr. Ellison's allegations from being issued." I am quite sure that I did not keep any report relating to Mr. Ellison's allegations from being issued. My instructions to the Region I staff at the time were to follow up on all allegations received, to disposition each one, and to maintain a record of each disposition. For those allegations that were dispositioned by an NRC inspection, the conclusions were to be issued in inspection reports. To the best of my knowledge these instructions were followed while I was Regional Administrator.
