Gentlemen:

Your Quality Assurance Program Approval for Radioactive Material Packages
No. 0478 expires on July 31, 1987.

If you are an NRC licensee and conduct activities under the General Licenses
of Subpart C of 10 CFR Part 71 or an Agreement State licensee subject to the
requirements of 10 CFR Part 71, as required by 10 CFR Part 150.20, a quality
assurance (QA) program approved by the Commission as satisfying the provisions of
Subpart H of 10 CFR Part 71 is required. You should request renewal of your
quality assurance program at least 30 days prior to the expiration date.
This will provide for continuation of your QA program to satisfy part of the
provisions of Subpart C of 10 CFR Part 71 until a final determination has been
taken on your application.

Unless an exemption is provided by 10 CFR Part 170.11, an application fee of
\$150.00, as required by 10 CFR Part 170.31, should be included with your
request for renewal. This notice of expiration should not be construed that
such notice will be provided in the future. If you do not desire to renew
your QA program please let me know.

Sincerely,
