Gentlemen:

This refers to the inspection conducted by Mr. H. D. Chaney of this office during the period May 18-22, 1987, of activities authorized by NRC Operating Licenses DPR-51 and NPF-6 for Arkansas Nuclear One, Units 1 and 2, and to the discussion of our findings with Mr. E. C. Ewing and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included the radiation protection program organization and management controls, personnel qualifications and training, and the ALARA program. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the NRC inspector. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed by:
