Dear Mr. Pelka:

SUBJECT: CONFIRMATION OF ACTION LETTER

This is to confirm the conversation between Dr. E. J. Huycke and Mr. R. J. Everett, USNRC, Region IV, on June 22, 1987. Based on this conversation, it is my understanding that Veterans Administration Medical Center, Wichita, will take the following actions:

1. Request an amendment to your NRC byproduct material license to include one or more authorized physician users as defined in 10 CFR Part 35, Section 35.970.
2. Nuclear medicine activities will discontinue until your NRC byproduct material license is amended authorizing a designated user(s) of licensed material and the amendment is received by your facility.

If your understanding of the above is different, please notify me immediately.

Sincerely,
