Dear Sir or Madam:

Enclosed are two copies of our completed application for renewal of License Number SUD-1417. No major changes have been made in the license; I have attempted to bring together the information from the original application dated April 29, 1982 and letters dated April 29, 1982 and November 11, 1982. Any changes which have been made are underlined in the text. The two most significant changes are in the designation of the Radiation Safety Officer and the renumbering of Room 108 to 3036 and Room 109 to 3037.

It is my understanding that the University, since it is an educational institution, is exempt from the payment of licensee fees (section (4)).

Please do not hesitate to contact me at 216-742-1945 if any of the items in the reapplication requires explanation.

Sincerely,

Jeffrey J. Sich, Ph.D.  
Assistant Professor of Biology  
University Radiation Safety Officer
