Gentlemen:

Your Quality Assurance Program Approval for Radioactive Material
Packages No.0152 expires on September 30, 1989.

If you are an NRC licensee and conduct activities under the General
Licenses of Subpart C of 10 CFR Part 71, or if you are an Agreement
State licensee subject to the requirements of 10 CFR Part 150.20 to
hold a quality assurance (QA) program approved by the Commission as
satisfying the provisions of Subpart H of 10 CFR Part 71. You should
request renewal of your quality assurance program at least 30 days
prior to the expiration date. This will provide for continuation of
your QA program to satisfy part of the provisions of Subpart C of 10
CFR Part 71 until a final determination has been taken on your
application.

Unless an exemption is provided by 10 CFR Part 170.11, an application
fee of \$150.00, as required by 10 CFR Part 170.31, should be included
with your request for renewal. This notice of expiration should not
be construed that such notice will be provided in the future. If you
do not desire to renew your QA program, please let me know.

Sincerely,

Original Signed by
