Re: License SMB-1423

Dear Sir/Madam:

In response to safety inspection dated 1/21/88 conducted by Mr. Steven Courtemanche, North American Philips Lighting Corporation hereby formally appoints Mr. Paul Walitsky, Radiation Safety Officer, for the material and facility covered by this license. The previous Radiation Safety Officer, Mr. John Olatta, retired and Mr. Walitsky assumed his responsibilities upon the retirement. Mr. Walitsky's resume is attached.

The facility ceased all manufacturing early in 1985. A complete radiation survey of the facility was completed on April 4, 1986. Cleanup and closure plans are being developed. The license conditions should be changed to reflect the fact that only storage activities are being conducted.

It is anticipated that cleanup and disposal activities will commence some time in 1988, pending approval of the New Jersey Bureau of Radiation Protection. When cleanup is completed, we will contact the NRC for formal closure of the license.

While the Thorium materials are located at the Bloomfield site, Mr. Walitsky is located at North American Philips Lighting Corporation, 200 Franklin Square Drive, Somerset, NJ 08873. All notices and communications regarding SMB-1423 should be directed to Somerset. Mr. Walitsky can be reached at (201) 563-3197.

Respectfully,

Dale E. Tracey

Gentlemen:

This refers to your letter dated January 22, 1988, for an amendment to Materials License SNM-1423 to reflect the fact that only storage activities are being conducted.

An amendment fee of \$120 is required as specified in §170.31 (2G) of 10 CFR 170, copy enclosed. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention at our Washington, D.C. address.

Your application will be processed by the Region I Licensing staff located at 475 Allendale Road, King of Prussia, Pennsylvania 19406. The fee, however, is required prior to issuance of the amendment. When submitting the fee, please refer to CONTROL NUMBER 108444.

Sincerely,

Signed by:
Glenda Jackson
