SUBJECT: Installation of Emergency Notification System Telephone
At Limerick Generating Station - Units 1 & 2

Gentlemen:

Please make the appropriate arrangements to have an Emergency Notification System (ENS) telephone installed in the new NRC office.

Presently, the NRC occupies the Emergency Preparedness NRC consultation room in the Technical Support Center. Their new office will be located on the second floor of the Administration Building.

Contact Marge Donlin at (215) 327-1200 extension 3034 to coordinate the installation of the ENS telephone.

Very truly yours,

M J Mc Cormick Jr
