Omaha Public Power District  
ATTN: W. C. Jones, Sr. Vice President  
Nuclear Operations  
1623 Harney Street  
Omaha, Nebraska 68102

Dear Mr. Jones:

In March 1986, NRC Region IV sponsored a meeting of senior utility executives to discuss a variety of regulatory issues. We believe the meeting was useful, therefore, we propose that another similar meeting be held in the regional office in Arlington, Texas. If there are issues that you would like to discuss, please let me know and I will develop a proposed agenda. In general, the meeting is planned to be 4 to 6 hours in length and begin in the late morning and end in early afternoon to allow travel the same day.

It is my intent to cover such items as (1) SALP process in Region IV; (2) improving communication with licensee management; (3) Region IV's enforcement philosophy; (4) how to improve safety performance; and (5) any topics that you or your colleagues may wish to discuss.

I would like to schedule this meeting sometime in August, as I will be out of the country the month of September, and I would like to be able to finalize a schedule as soon as possible. I would offer the following dates, Aug 8, 15 or 16, and ask that you advise me at your earliest convenience if you can attend and which dates you prefer. Please respond to Jim Milhoan, (817-860-8183) who will handle the arrangements for this meeting.

In order to assure manageable and candid discussion, I would suggest that the size of our group be limited. Therefore, I would ask that this invitation be limited to yourself and no more than one other.

I look forward to your response and to a successful and productive meeting.

Sincerely,

**ORIGINAL SIGNED BY  
ROBERT D. MARTIN**
