Hartford, Connecticut 06101

Gentlemen:

This is in reference to your application dated September 1, 1982, to renew License No. 06-17653-01. In order to continue our review, please provide us with the following additional information:

If you intend to perform operations on your x-ray fluorescence devices involving maintenance and/or repair, the please provide the following information:

- 1) A description of each specific operation to be performed.
- 2) The step-by-step procedures to be followed in performing each operation including a description of the radiation safety procedures that will be followed.
- 3) The name of each individual who will perform the services.
- 4) An outline of the training received by each individual who will perform the operation. This training should include instructions in the performance of each specific operation; the step-by-step procedures to be followed; radiation safety and the use of radiation survey instruments.
- 5) A description of the qualifications of the individual(s) who provided the training in servicing of devices.
- 6) A description of the radiation survey procedures and recordkeeping if operations, e.g., maintenance or repair, are performed that require radiation surveys.

If Kevex will perform the above services, then you need only state this.
