Re: License No. 37-13674-01
Renewal Request

Dear Sir or Madam:

Please accept this letter as our request for renewal of our nuclear materials license no. 37-13674-01.

Our use of nuclear materials is limited to sources used in various paper testing instruments as listed on our current permit and we wish our renewal permit to be substantially the same. Attached is a copy of our current permit for reference.

We would request two changes be made in our renewal license:

1. We are building a new papermill in Alabama and request that Condition 10 of our current license be modified to allow us to use Sub items 6.A. and 6.C. at this facility. Condition 10 should be modified to read:

10. Licensed material shall be used only at the licensee's facilities at East Lake Road, Erie, PA. Licensed material listed as 6.A. and 6.C., may also be used at the Lock Haven Plant, Lock Haven, PA; Strathmore Paper Company, South Broad Street, Westfield, Massachusetts; Thilmany Pulp & Paper Company, Kaukauna, Wisconsin, and the Riverdale Plant, Selma, Alabama.
