APPLICATION FOR MATERIAL LICENSE

Dear Mr Cain,

Please find enclosed two (2) copies of our application for material license for a moisture-density gauge.

Due to a very tight construction schedule on the Rocky Mountain Arsenal, Basin F Project, it would be most appreciated if you could expedite approval of our license.

If there are any questions or points requiring further clarification, please contact John R McCutchen at 303-980-3548.

Very truly yours,
