SUBJECT: LETTER FROM TENNESSEE PROHIBITING THEIR  
WASTE PROCESSORS FROM HANDLING WASTE  
FROM STATES NOT IN COMPLIANCE WITH  
THE LOW-LEVEL RADIOACTIVE WASTE POLICY  
AMENDMENTS ACT (LLWRPAA)

Enclosed for your review and comments is a letter sent to Carlton Kammerer from Michael Mobley, Director of the Tennessee Division of Radiological Health. Tennessee has amended the licenses of their waste processors to preclude the processing, extended storage, and/or transportation of low-level waste and materials from States not in compliance with the LLWRPAA. It appears that such action might have considerable impact on commerce, and it does not appear that such authority has been granted by the LLWRPAA. We would appreciate your comments by July 7, 1989. If you have any questions, please contact Kathleen Schneider at 492-0320.

Enclosure:  
As stated
