(Turkey Point Plant, Units 3 and 4)

Dear Joette:

The purpose of this letter is to document our oral agreement related to your request for a thirty day extension of time to respond to "Licensee's First Set of Discovery Requests to the Center for Nuclear Responsibility and Joette Lorion" (June 21, 1989). According to my understanding, the points of our agreement are as follows:

- ° The Licensee agrees to your request for a thirty day extension to file your formal response.
- ° You agree to provide, on or before July 10, 1989, draft or tentative responses to Licensee's interrogatories requesting the basis for your contentions and statements (i.e., Interrogatories II.A.1 to 10 and II.B.1 to 5). The draft responses need not be submitted under oath or affirmation and are subject to modification or correction when you submit the formal response to the discovery requests.

° Since the revised date for filing of your formal response is subsequent to the expiration date of August 7, 1989 for filing discovery requests, you agree to allow the Licensee to file additional discovery requests after August 7, 1989. Any such discovery requests by Licensee shall be limited to requests that follow-up upon information provided in the formal response, and any such requests shall be filed promptly by Licensee after receipt of the formal response.

If your understanding of our agreement is different, please contact me.

Thank you for your cooperation.
