Gentlemen:

Subject: Special Inspection No. 89-002

On June 16, 1989, Francis M. Costello of this office conducted a special safety inspection at the above address of activities authorized by the above listed NRC license. The inspection was an examination of your licensed activities as they relate to radiation safety and to compliance with the Commission's regulations and the license conditions. The inspection consisted of observations by the inspector, interviews with personnel, and a selective examination of representative records. The findings of the inspection were discussed with you and other members of your staff at the conclusion of the inspection. A copy of the NRC inspection report is enclosed.

The results of this inspection will be discussed with you at an Enforcement Conference at the NRC Region I office in King of Prussia, Pennsylvania on July 6, 1989. As noted in my letter to you dated June 16, 1989, correspondence regarding NRC enforcement actions will be sent after the Enforcement Conference.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure will be placed in the Public Document Room.

Your cooperation with us is appreciated.

Sincerely,
