Subject: License Renewal, License no. 35-12679-01

Gentlemen:

Please renew license no. 35-12679-01. Our plant is operating under the conditions of the permit and we wish to continue to operate under that license. Material license 35-12679-01, amendment 17 dated November 20, 1987, describes the uses, locations, procedures, etc. currently being followed in dealing with nuclear material. Tests for leakage and physical inventories are performed every six months. We will continue to operate in accordance with our license, it's conditions and applicable NRC regulations.

If additional information is needed, please contact Jerry Baber at (405) 584-3315.

SUBJECT: License Renewal, License No. 35-12679-01

Gentlemen:

Please renew License No. 35-12679-01. Our program is still the same as described in our current license and amendments and we wish to continue to operate under that license. The Materials License 35-12679-01, Amendment No. 15, dated August 16, 1982 reflects the current status of our program. The only changes are that the address of the licensee should be: Weyerhaeuser Company, Route 1 Box 618, Broken Bow, Okla. 74728 and condition 12 should be changed to delete the name of C.H. Harris. We will continue to operate in accordance with our license, it's conditions and applicable NRC regulations.

For further questions or comments contact Jerry Baber at (405) 584-3315.
