RE: Docket No. PRM-20-19  
to amend 10CFR Part 50

Dear Secretary,

This letter is in support of  
the idea to have a detectable odor  
injected into radioactive emissions  
of all nuclear power plants and other  
facilities on which the NRC has  
jurisdiction.

Thank you for accepting this  
support of mine for the plan.

Sincerely,

Lorraine B. Claggett
