Dear Mr. Miltenberger:

SUBJECT: OFFSITE DOSE CALCULATION MANUAL, REVISION 10, (TAC NO. 69532)

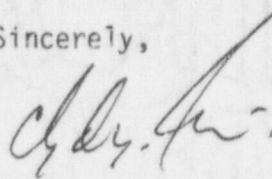

RE: (a) June 28, 1988 letter from G. W. Rivenbark to S. E. Miltenberger
(b) January 6, 1989 letter from S. E. Miltenberger to NRC Document Control Desk
(c) March 3, 1989 INEL letter from F. B. Simpson to L. Ruth

Reference (a) documented staff acceptance with a number of caveats of Revision 8 of the Offsite Dose Calculation Manual (ODCM) and in an Attachment addressed the staff concerns recorded in reference (a).

The Revision 10 ODCM for Hope Creek has been reviewed for us in its entirety by our contractor, EG&G Idaho, Inc. Their discussion and comments are contained in their detailed letter evaluation SIM-30-89 accompanying reference (c) (enclosed). A number of points regarding the Hope Creek ODCM remain open, with the contractor suggesting ways in which the ODCM could be made more useful and more complete.

Since Revision 10 to the Hope Creek ODCM is a basically sound document, we consider it acceptable at this time. However, the review of reference (c) is being forwarded for your attention, to be discussed and resolved with the Region I inspector during a future inspection.

Sincerely,

Clyde Y. Shiraki, Project Manager
Project Directorate I-2
Division of Reactor Projects I/II
Office of Nuclear Reactor Regulation
