U.S. NUCLEAR REGULATORY COMMISSION -

THE NUCLEAR REGULATORY COMMISSION'S
RECENTLY PROPOSED IDEA OF CUTTING THE
PUBLIC OUT OF THE DECISION-MAKING PRO-
CESS, IN THE CASE OF RADIOACTIVE WASTE
STORAGE PERMITS, IS OUTRAGEOUSLY FOOLISH!

SHOULD THIS IDEA EVER BECOME LAW,
ALL THOSE INVOLVED WITH ITS PASSAGE
SHOULD BE SHOT IN THE FACE WITH A DEADLY
BATTLESNAKE, AND BE EXPECTED NOT TO EVEN
FLINCH. THIS IS COMPARABLE TO WHAT THEY ARE
EXPECTING FROM THE PUBLIC WHEN IT COMES
TO PROPOSED UNLICENSED STORAGE OF
NUCLEAR WASTE WITHOUT PUBLIC COMMENT.

SINCERELY,

MARYANN O'BRIEN
HENDERSON, NEVADA
