Dear Ms. Kolostyak:

In order to facilitate the examination procedures for export license applications and to unify the format of these applications, please amend License XSNM02469 to reflect the reactor address for the facility of ultimate end-use as follows:

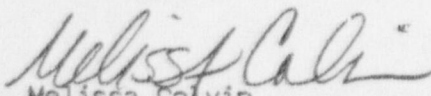

Column 11, Ultimate End-use should read:

Fuel for Takahama Power Station
Unit 1, Region 15A/C
Takahama-Cho,
Ohi-Gun, Fukui Prefecture, Japan

Thank you for your time and effort in this matter.

Please contact me if you require any additional information in connection with this request.
