Washington, DC 20555

Dear Sirs:

Three Mile Island Nuclear Station, Unit 2 (TMI-2)  
Operating License No. DPR-73  
Docket No. 50-320  
Response to Generic Letter 89-06

NRC Generic Letter 89-06 addresses the implementation of a safety parameter display system (SPDS). GPU Nuclear has reviewed the information presented in Generic Letter 89-06 and has determined it is not applicable to TMI-2 in the current recovery mode. Therefore, GPU Nuclear does not intend to implement an SPDS at TMI-2 at this time. If a decision is made to restart TMI-2, this NRC Generic Letter will be re-evaluated.

Sincerely,

M. B. Roche  
Director, TMI-2

NRC Generic Letter 89-06

This letter is submitted in response to the Nuclear Regulatory Commission request transmitted by NRC Generic Letter 89-06, "Task Action Plan Item I.D.2 - Safety Parameter Display System - 10 CFR 50.54(f)," dated April 12, 1989. All statements contained in this response have been reviewed, and all such statements made and matter set forth therein are true and correct to the best of my knowledge, information, and belief.
