Dear Jack:

Please find materials requesting amendment to License 35-05860-01 so that our radiation therapist can utilize brachytherapy sources (35.400) on our premises. I have used Revision 2 of the Guide 10.8 which you sent me awhile back.

Also please remove the names of Robert Fogel, D.O., Gerald E. Finke, D.O. and Twila Wade, D.O. from the present list of diagnostic users on License 35-05860-01.

Sincerely,

David W. Anderson, Ph.D.
