Re: SP-98-025 - Agreement state views on cost/impacts for closure of formerly terminated NRC licenses

Dear Mr. Lohaus:

Based on our initial review, we believe that the Texas Natural Resource Conservation Commission does not have jurisdiction over any of the sites listed in SP-97-080, with the possible exception of A&M College of Texas (Texas A&M University) license # SUD-00669. We have requested more information from Mr. Frank Wenslawski of Region IV. Once we have ascertained whether we have jurisdiction, we will provide the additional information that you requested.

If you have any questions, please call Ms. Kathy Vail at 512-239-6637 or by correspondence to mail code MC131.

Sincerely,

A handwritten signature in cursive script, reading "Alice Rogers".
